

IFSM Symposium Program
Friday 14 September 2018

Time	Presentations
8:30	Welcome Prof Joachim Mayer
8:45	Australian Microscopy and Microanalysis Society Awards Announcement of the next Australian Conference A/Prof Martin Saunders (AMMS President)
9:00	Presentation of the John Cowley Medal (Diffraction Physics and Microscopy)
9:05	Special Lecture: Songlines of a diffractonist Prof Archie Howie
9:30	Presentation of the Vernon Cosslett Medal (New Developments in Optics and Instrumentation)
9:35	Special Lecture: From Cambridge to Sydney, Forty years of energy loss in Orsay Dr Christian Colliex
10:00	Special Lecture: The quest for quantitative analytical microscopy at atomic resolution Prof Les J. Allen
10:25	Morning tea <i>Darling Harbour Theatre Foyers</i>
11:00	Presentation of the Hatsujiro Hashimoto Medal (Applications in Physical Sciences)
11:05	Special Lecture: Learning from Professor Hashimoto's pioneering development of in situ transmission electron microscopy Dr Frances Ross
11:30	Special Lecture: Grain Boundary and Surface Dynamics of Deformation, Fracture and Diffusion Prof Yuichi Ikuhara
11:55	Presentation of the Eduard Kellenberger Medal (Life Sciences)
12:10	Prof Richard Henderson and Prof Jacques Dubochet to accept medal via recorded video message
12:25	Special Lecture: Single-particle cryogenic electron microscopy - a new era of structural biology Joachim Frank
12:50	Closing Awards and Ceremony <i>Darling Harbour Theatre</i>
13:05	Reflection on the week that was including awards for; Best Oral Presentation, New Researcher Award, Best Poster Award, People's Choice Award (Oral and Poster Presentations), and Best Invited Speaker Award Prof Simon Ringer and Prof Paul Munroe (Congress Co-Chairs)
13:17	Congress reflections from the IFSM President Dr Kazuo Furuya (IFSM President) IMC20 (2022) Presentation Next Congress Chair
13:30	AMMS 25th Anniversary Celebrations <i>Darling Harbour Theatre Foyers</i>
